

## La Tromba – The Original

### **Art. 821015 La Tromba Valve Oil T2 Light**

(originally "La Tromba T2 Valve Oil Special") is a premium lubricant that has been specifically developed for close-tolerance piston and rotary valves. Without surprise, the T2 enjoys a irrefutable world-wide reputation.

- For close-tolerance valves.
- Its long-lasting action is quick, smooth and consistent.
- Protects against wear and corrosion.
- Compatible with a wide range of saliva.

65 ml

### **Art. 821010 La Tromba Valve Oil Medium**

**La Tromba Valve Oil Medium** (originally La Tromba Finest Valve Oil) is the very pioneer La Tromba valve oil. It has been developed by Mrs I. Hemmeler for her cousin, a well-known trumpeter in Switzerland

The remarkable properties of this valve oil enable the musician to play its instrument with an unknown ease.

- For average tolerance.
- Added silicone sticks on the valve for a long-lasting action.
- Without undesirable residue.
- Protection against wear and corrosion.
- Compatible with a wide range of saliva.

### **Art. 821020 La Tromba Valve Oil Heavy**

- For valves having greater tolerance.
- Also suggested for valve slides (e.g. 3rd valve slides).
- Without undesirable residue.
- Protection against wear and corrosion.
- Compatible with a wide range of saliva.
- 65 ml

## La Tromba – The Original

### **Art. 821025 La Tromba Valve & Slide Oil**

- Easy to dose with dosing tip
- extremely high sliding properties, low viscosity
- Long term detention
- Protects against wear and corrosion
- Instrument: brass instruments
- Content: 65 ml

### **Art. 821030 La Tromba Trombone Slide Cream**

La Tromba Trombone Slide Cream is a long-lasting lubricant that provides smooth and quick gliding.

30 ml

### **Art. 821035 La Tromba Waterspray 80 ml**

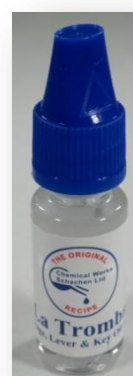

This lubricating fluid can be used with or without *La Tromba Slide Cream* or *La Tromba Slide Oil* (see above).  
for Trombone

### **Art. 821045 La Tromba LLK Oil 10 ml**

**Linkage, Lever & Key Oil** is a wide-ranging key lubricant for

- keys,
- rod end bearings,
- linkage joints,
- lever hinges.
- Provides a smooth and quick action.
- Protection against wear and corrosion.

## **La Tromba – The Original**

### **La Tromba Slide & Cork Grease**

Isolates the collecting condensate from the tuning slides and thereby prevents corrosion and jamming of the inner slides.

It is a relatively firm grease with the exact consistence needed for the slides to operate properly.

Often used also as a vacuum grease for not so precise slides.

At the same time, it is also an ideal grease for the care of tenon joints on woodwind instruments.

It protects the corks from moisture, remains smooth and all this by ideal lubricating properties.

La Tromba Cork & Slide Grease is a high tech product among lubricants. It is very temperature-stable,

ageing resistant and prevents jamming of the slides and corks.

These outstanding qualities make it the ultimate grease for music instruments.

**Art. 821055 red 15 g**

**Art. 821060 red 100 g**

**Art. 821065 white 3 g**

### **Art. 821070 LA TROMBA Slide & Tenon Stick for Flutes, 5g"**

LA TROMBA Sliding Stick for Flutes, 5g. Retractable grease stick for use on the tenons of head and foot joints. Prevents canting and jamming. Protects the material and at the same time, gives the joints a secure hold. \* Easy to dose \* Simple to use \* Adhesive \* Repels condensate \* Protects the material

### **Art. 821075 LA TROMBA Lip Tonic 5 g**

promotes blood circulation in the muscles of the lips and thus prevents signs of fatigue pleasant,

refreshing feeling when playing with the pure essential oils It cares for it perfectly and protects

## La Tromba – The Original

### **821040 La Tromba Oil for woodwind instruments**

The inner side of woodwind instruments needs to be protected from the saliva, which causes little cracks. A few drops regularly applied form a protective film that preserves the instrument and increases its lifespan. La Tromba Oil for woodwind instruments is odorless and provides an excellent protection due to its penetration rate.  
65 ml

### **Art. 821080 LA TROMBA Lacquer Polish 80 ml**

This premium cleaning and lack care agent

- provides brilliant gloss.
- protects against sweat.
- easy to use: spray the instrument and polish with a
- microfibre cloth.

### **Art. 821085 RECORD Metal Polish**

- Oil based polish.
- Premium cleaning and polishing properties,
- even for badly oxidized areas. Leaves no traces.
- Suggested for all unlacquered metals, especially brass.
- Items such as brass fittings on traditional costumes can
- receive a new gloss thanks to RECORD Metal Polish.
- Provides a long-lasting gloss.
- Also effective to erase shoe traces on the floor.

### **Art. 821090 RECORD Silver Polish**

- Oil based polish.
- Premium cleaning and polishing properties.
- Suggested for silver plated, sterling silver and other
- precious metals.
- Provides a long-lasting gloss.
